

3. Financial resources of long-term care insurance

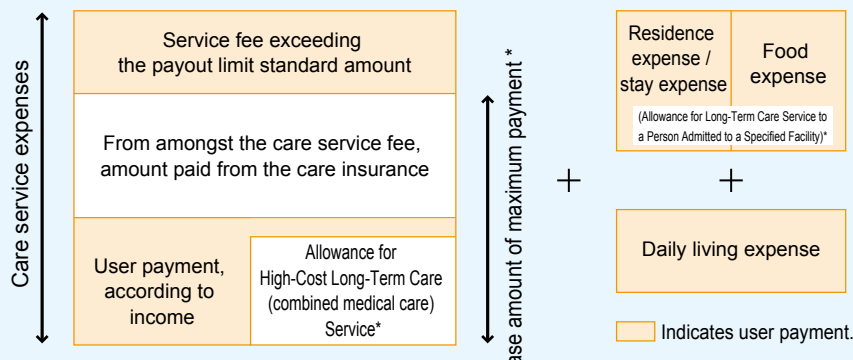

- ※ The chart to the left shows how financial resources of long-term care insurance are distributed. The national government provides 20%, and the Tokyo metropolitan government provides 17.5% of the cost for social welfare facilities.
- ※ Since 5% of the total cost shared by the national government is applied as a financial adjustment subsidy, and is distributed according to the financial situation of the insured, the percentage paid by municipalities may vary.

4. Trends in total long-term care benefit growth and care premiums

Correlation between individual payment and benefit package

- ※ Refer to pages 10 and 11 on payout limit standard amount, high-cost (combined with medical fees) care service fees, and supplementary payouts.
- ※ "Daily living expenses" refers to necessary expenses in ordinary daily living among accommodation for daily living provided as a part of the services (examples: haircut costs, expenses for refreshment and amenities, etc.)
